

Music Theory 1 (Music 112)

Prerequisites

Music knowledge equivalent to Certificate of Music Level 5 (MTAC)

*During the summer, some of the students who do not have the prerequisite of Certificate of Merit Level 5 are required to have summer sessions and finish the books of Basic Keyboard Theory Preparatory level to Level 5 and pass the entrance test before signing up for the class. Every summer, West Coast Baptist College offers Joshua Music Camp and prospective students for the fall are highly encouraged to attend this week-long intensive training for more musical exposure.

Grading System Evaluation

Every chapter test, quiz, melodic dictation, sight singing, figured bass and practice tests have corresponding grade point average that will comprise the final GPA at the end of each semester.

Textbook Material

Textbook materials are presented through a lecture/demonstration format. Most of the required homework are to be finished individually. There will be homework and project that will be done in groups as well. Tests and exercises are also given from the *Tonal Harmony* Workbook.

Please contact Mrs. Silbol for summer schedule.
